PARK 8000

VALLEY MEDICAL LOCATION OVERVIEW

The Park 8000 building is uniquely located in the heart of Kent Valley and a fantastic opportunity to locate your business in this thriving area.

The Kent Valley (which includes much of Kent Valley, southern Kent, Tukwila, Renton, and parts of Auburn) is one of the strongest commercial real estate markets in the Pacific Northwest. While it contains office, retail, and flex product, it is fundamentally an industrial and logistics market driven by its location between the ports of Seattle and Tacoma.

Valley Medical is the largest nonprofit healthcare provider between Seattle and Tacoma, serving more than 600,000 residents across South King County. It operates a 24/7 acute-care hospital along with more than 40 primary care, specialty, and urgent care clinics.
